The Girl Was Given Such Reli ef as Circumstances Permitted.

"I am quite all right now," she maisted.
"If some one will only go out with me as far as the car, I am sure I can get home without the slightest trouble."

But Jock would listen to nothing of the sort. Already he had sent out for a haxufous limousine, and so, lespice her protests, Amy rode home in state and escorted by the son of McCall to the shabby little cottage in a poor quarter of the fown, where she lived, with her widowed mother.

In the place lay the following letter.

Father: I have taken \$\frac{1}{2}00. I suppose you will say I have stolen it. But I have a sure will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. But I have sour will will say I have stolen it. Before it could designed a second time.

spending stolen hours with Amy then with his head thrown up higher than ever, he stalked from the room.

This first duty accomplished, but left prominent a person in the community.

of the fown, where she lived, with her widowed mother.

He was obliged to ask his father to pay for the limousine he had hired, and so be called upon to relate his whole adventure.

"Limousine, eh" snorted Jeremiah.

"To take home one of the girls who got hurt out in the stitching room?

"However, since you've dene it, I suppose I'll have to settle," he grudgingly took a five-dollar bill from the safe and handed it over, "Tell Miss Hastings to charge that up to my personal account and give her the girl's release to put on file."

"Her release?" Jock gave an uneasy start.

"Certainly, Do you mean to say that

Nork.

In the end-perhaps because the love of life is strong even when all else is gone, and because she was tired and hungry and had no place cise to go-she crept back to the department manager from whom that morning she had fluncherself away with words of utter loathing and contempt, and this time she.

did not change from that attitude even when his boy entered the room. Jock hesitated a moment on the thresh-

lifting of the hat and a word of greeting; the employment bureau of a big departing the turned, as if upon impulse, and fell into step beside him since breakfast, and then only a glass of ment store. She had had nothing to eat since breakfast, and then only a glass of finding Amy. He went to places where milk and a couple of rolls.

So, as she stood there in the long line of applicants, tired, footsore and weak from hunger, she suddenly collapsed in a fainf.

When she came to herself again, she came to provide the store of applicants and dance places, and all places of worse repute. But he never set eyes upon her.

One day he saw crossing Broadway at

where the fill main some was about a contract. The proposed of the second proposed of the s du Barry resented and it was with the hope of bringing into France a formidable rival for Marie Antoiniette in the estimation of the old king that she chose Marie Josephine. Du Barry knew she was stupid and hoped in this way to have the ascendency over her. Accordingly she drew up a list of persons whom the princess was to have as her household and every one of as her household and every one of them was a personal champion of du Barry.

Du Barry was influential enough to the some the some than the some that is the garden. I see my rose trees which are budding the many of them was a personal champion of du Barry.

Du Barry was influential enough to the some the some than the some than the some than the garden. I see my rose trees which are budding well. To whom shall I offer the roses."

Du Barry was influential enough to the some the some the some the some the some that I bought it is some the some than the garden. I see my rose trees which are budding well. To whom shall I offer the roses."

Du Barry was influential enough to then when spring came he wrote the wrote the spain as this pure at the sum of the some that this moment as this moment as white camella under my eyes, which has never been so beautiful as stration by women a England and Germane with the sarden. I see my rose trees which are budding well. To whom shall I offer the roses."

Persons whose birthdate it is should guard the lealth and avoid litigation.

Barry.
Du Barry was influential enough to bring the match to a consummation, but she was not shrewd enough to ac-complish her purpose against the Dau-phine, Marie Antoinette, for from the first the strange little princess in a strange land was drawn to her sister-in-law and before many months had passed Marie Antoinette had her completely in her power.

Josephine was twenty years old and her husband was two years her junior. It is said that while no one could be a time to be cautious as Venus and Saturn are strongly adverse, while the Sun and Mars exercise sinister rower. her husband was two years her junior. Churches in China.

China, when there was difficulty in rent-Publicity of all sorts has a most encouraging direction. Advertising comes under a sway that places it on a high plane in national affairs, the seers announce.

The rule is fairly lucky for initiative in philanthropic enterprise. It is a favorable time to start new charities, which will reach those who are deserving.

Lovers should be wary, while the figure prevails, as quarrels and misunderstandings are fomented by the stars. It is not a lucky time for engagements or for meeting new acquaintances.

Religious dissensions and church schisms are prophesied. Clersymen are held to come under a direction inclining them to deeds that challenge criticism. Preachers should profit by the way, which is believed to increase interest in the fellowship of man and to produce Publicity of all sorts has a most en- ing a house for Gospel work and there which is believed to increase interest in the fellowship of man and to produce charatable impulses.
Old persons should be careful of the health. Much mortality, especially among those who have attained distinction in life, is prognesticated.
Widespread interest in nursing, especially among women of leisure again is foreshadowed. The public health will claim much attention.

Whether sounds accompany the aurers.

Whether sounds accompany the aurera Heavy storms that will do great dam-berealls, as is asserted by natives of far nothern latitudes, is being investigated Peace overtures, which may appear to by Norwegian scientists.
